**Skolas iela**

Rīga, Centrs

### Price

235000 €

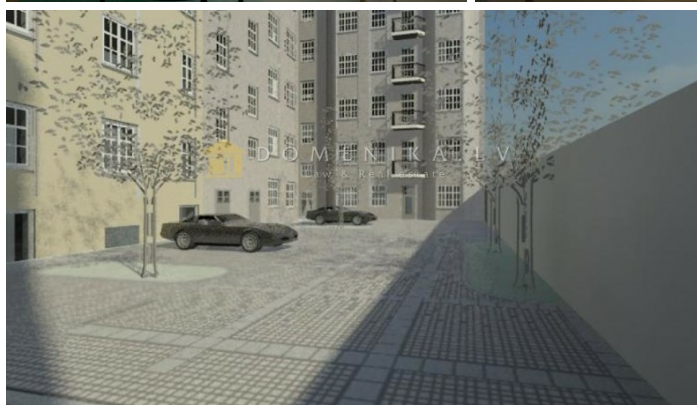

2527 €/m<sup>2</sup>

### Description

All apartments are connected to the central heating, water and sewerage systems. All apartments have centralized fire and security alarms. Each apartment has a manual heat regulation switch and heat meters. Every apartment has a separate ventilation system that ensures continuous flow of fresh air and air conditioning according to the individual needs. Each apartment has an optical cable ensuring high speed Internet connection and digital TV. Original entrance and inner doors of the apartment have been preserved and renovated, as well as an original ceiling moulding has been renewed.
